- Official Sponsor of NH State Tournament
- Developed and conducts training programs for coaches and high school mentors
- 100+ BAE Systems North America employees across North America participate in FLL as coaches, mentors, judges and event volunteers

IMPACT: FLL TESTIMONIALS

What people are saying about FIRST LEGO® League (FLL):

Parents

“Our older son has always been the average student struggling with math. Since FLL he has made such a dramatic turnaround in school, becoming top in his class...he is motivated; he has grasped and taken ownership of what he is being taught in school. Our younger son has always been an A+ student but was getting bored with school. He too now has a way to channel his energy and curiosity, try out new ideas, learn in different ways.”

Barbara Gomez de Navarro,
Mexico

Home School Parents

“Forming a FIRST LEGO League team is a natural for home-schoolers. It can be done in any home. It works across a wide range of ages and abilities. It is open-ended, and ties in many disciplines – science, current events, research, writing, art and public speaking to name a few. And it is fun! The whole team is coming back next year to do it again!”

Chris Hamilton

Coaches

“Building a robot is only one of the challenges these kids faced—learning to work as a team is a far greater challenge and something they’ll carry with them into their future careers.”

Mark Niemann-Ross,
Oregon

Teachers

“Success can come in all shapes, sizes, colors, and ages. I have been teaching for 31 years and this is one of the best programs I have ever seen!”

David Mills,
Technology Education Teacher,
Virginia

Sponsors

ArialPhone Corporation

“FLL enables us to be a player in the community. The kids enjoy it and our employees get a kick out of it as volunteers. The feeling is that we’re all in this together.”

Tom Pirelli,
Chairman
