

“ FLL taught me patience and that I could learn more than I ever thought I could. Oh yeah, and it was fun all at the same time. ”

Andre Bauman,  
FLL participant

## GET INVOLVED: TEAMS

**F**IRST LEGO® League (FLL) puts children in charge. Teams mix curiosity and imagination with LEGO bricks, sensors, motors and gears to invent unique, autonomous robots capable of completing various missions.

### FLL Teams:

- **Investigate**, strategize, design, build, program and test their robotic inventions
- **Search** the web, talk to scientists, visit the library and develop compelling research presentations which relate to a problem or opportunity facing the world today
- **Compete** with peers in high energy, sports-like tournaments

### Getting Started

- Team registration is conducted on the FIRST website between early May and late September
- The annual Challenge is revealed in mid-September
- Tournament application begins in early October
- Qualifying events and tournaments are held November through January

## TEAM ACTIVITIES:

- Build autonomous robot
- Program robot
- Research real-world challenge
- Deliver presentation project
- Compete at sports-like tournament

### Who can form a team?

- A school classroom, after-school program, extracurricular group, home school, neighborhood group, club or civic organization
- Up to 10 children, ages 9–14, and at least one adult coach

### What does it cost?

The cost of participation ranges from \$600 for new teams to \$300 for returning teams.
